

2019 ADULT GOLF INSTRUCTION

INDOOR PERFORMANCE STUDIO

The GBC Academy at Mayfair Lakes is excited to announce the opening of our new Indoor Performance Studio on February 15, 2018.

The Performance Studio offers indoor instruction utilizing:

- » FlightScope launch monitor technology
- » BodiTrak ground mechanics measurement system

Unlike most indoor training facilities, our Academy can integrate informative indoor experiences using advanced learning technologies with traditional green grass golf experiences.

Indoor instruction available for private and semi-private lessons. **To Book: Select "Indoor Performance Studio" online**
